PROFESSIONAL EXPERIENCE

DUYTRUYENTHONG Agency | Founder & Operator **Feb 2024 - Present**

- Founded and operate a digital agency providing website design, Google Business Profile/Google Maps setup and optimization, content optimization, and TikTok/Facebook asset development for local businesses.
- Lead client discovery, requirements, solution design, delivery, and marketing execution across hospitality, F&B, construction, events, and retail; translate business goals into websites, content systems, traffic plans, and digital assets.
- Selected clients: Cali Hotel Quy Nhon; Vua Sau Rieng Co Ba; Vua Sau Rieng Ba Chi; Vua Sau Rieng Trang Tran; 4UHOME Construction Consulting; Pacific Wedding & Conference Center; Yen Nhi 1 Restaurant (Ben Cat, Binh Duong).
- Launched and operated TikTok Shop for Vua Sau Rieng Co Ba, supporting raw durian sales through storefront setup, content, traffic generation, and sales operations.
- Built proprietary ventures/products including Cho Kenh - a TikTok account marketplace/community platform with a Zalo community - and STOS (Sales Traffic Operating System), a system for generating sales portfolios for personal-branding clients and optimizing traffic-to-sales funnels.
- Use Claude Code and Codex intensively as AI-native development partners for rapid prototyping, websites, service tooling, automation, and internal product development.

iTechWX | Microsoft Technical Support Specialist **Apr 2025 - Present**

- Analyze Microsoft 365 incidents across OneDrive, SharePoint, Exchange Online, and Teams by decomposing symptoms, validating configurations, and isolating root causes.
- Own incidents from intake to resolution: gather context, reproduce issues, document evidence, coordinate escalations, track progress, and communicate outcomes to enterprise stakeholders.
- Use Admin Center, Message Trace, MX/DNS verification, and PowerShell to test hypotheses; collaborate with Microsoft engineering on complex cases.

NINA Web Service | Solution Consultant **Dec 2023 - Dec 2024**

- Conduct client discovery and requirement gathering to clarify business objectives, user needs, scope, and digital-solution priorities.
- Translate business needs into functional/technical requirements for website architecture, UX, functionality, and content workflows; bridge clients and developers through feasibility and delivery alignment.

NINA Web Service | Web Developer **Jun 2023 - Dec 2023**

- Built React.js/JavaScript features and performed debugging, testing, and iterative software improvements; prototyped an AI chatbot using AI-agent and RAG concepts.

Amazing Tech | Junior Front-End Developer **Sep 2022 - Jan 2023**

- Supported front-end refactoring, responsive UI implementation, debugging, and software quality improvements with senior developers.

SELECTED PRODUCT, DATA & AI WORK
